

AC Wellman: Setting the Standard in X-ray Markers, Producing & Restoring High-Quality Plaques, and Producing the Finest Pattern Letters in the Marketplace

# Setting the Standard BY AC WELLMAN

## To Our Friends in Business:

It's the holiday season and we are wrapping up another year full of exciting things happening at AC Wellman! Our team has been busy creating more unique and fun custom markers for all the upcoming holidays. Additionally, we have been working on plaques meant to recognize and memorialize achievement and thanks for jobs well done.

*I hope you enjoy learning a little bit about our team and the great things they are doing! Merry Christmas and Happy Holidays to all!*

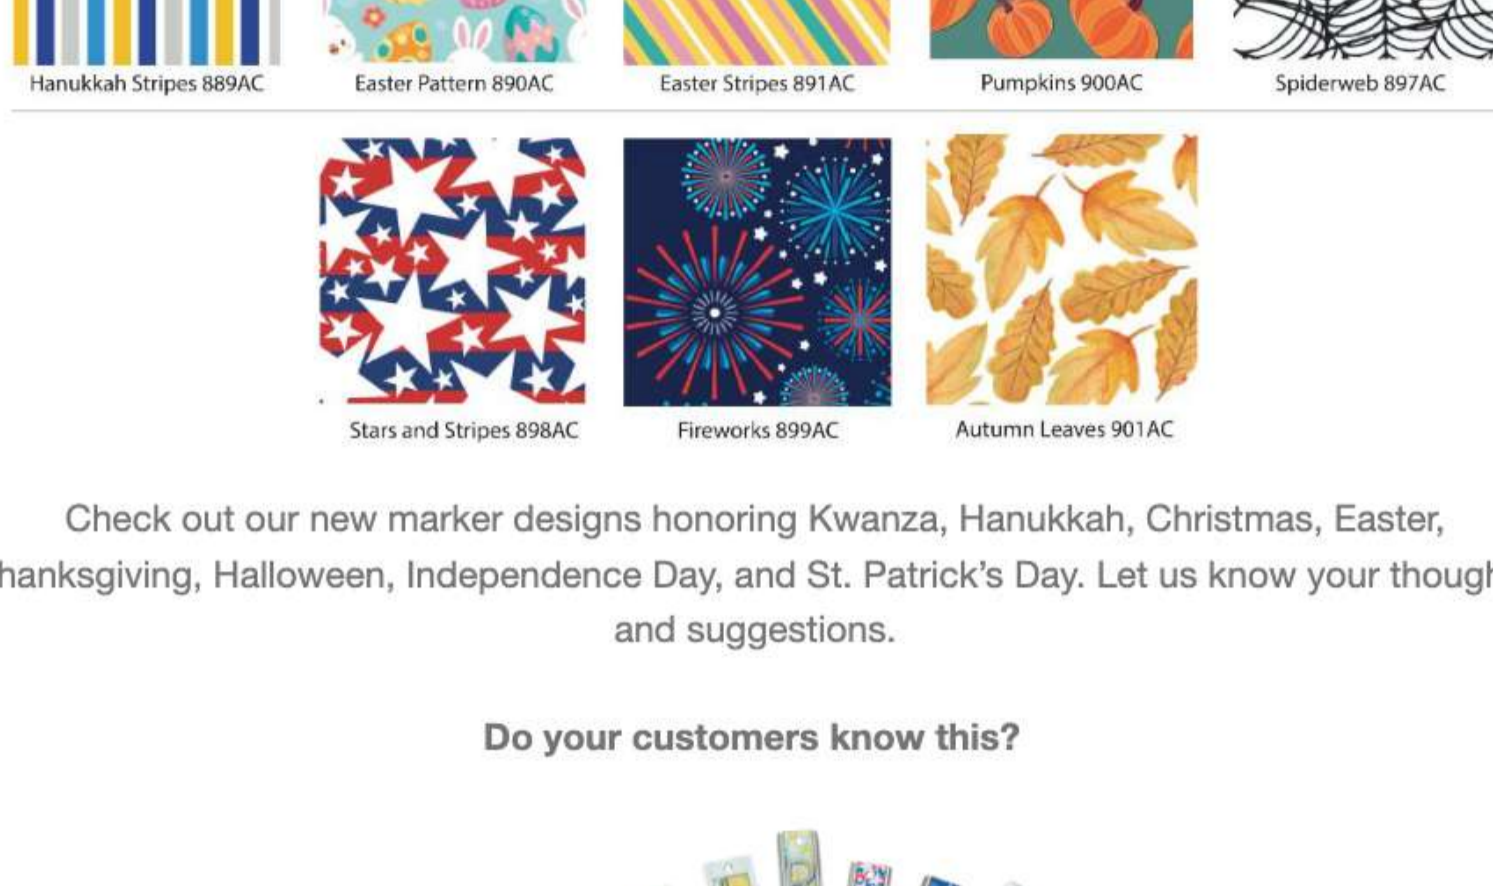

How can we better serve you? Please let us know if there is something we can do to assist you in over delivering to your customers!

Email: [rick@acwellman.com](mailto:rick@acwellman.com), cell: [330.352.4673](tel:330.352.4673)

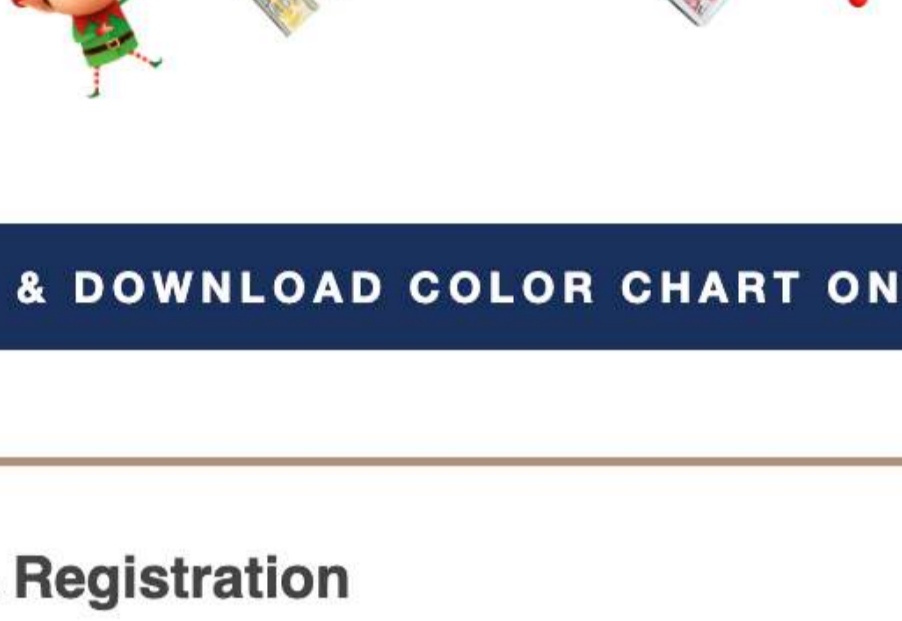

kindest Regards,  
**Rick Serio**  
 President | AC Wellman

## Holiday Markers Now Available

Check out our new marker designs honoring Kwanza, Hanukkah, Christmas, Easter, Thanksgiving, Halloween, Independence Day, and St. Patrick's Day. Let us know your thoughts and suggestions.

Do your customers know this?

## EU And FDA Registration

Did you know that our markers and rulers comply with the EU Declaration of Conformity for The European Medical Device Regulation (Regulation (EU) 2017/745,MDR)? We have completed the registration of our products to comply with requirements designated by the EU. Additionally, AC Wellman is a Licensed Medical Device Factory (Registration Number 1528078) under the Office of Product Evaluation and Quality for the Center for Device and Radiological Health, U.S. Food and Drug Administration.

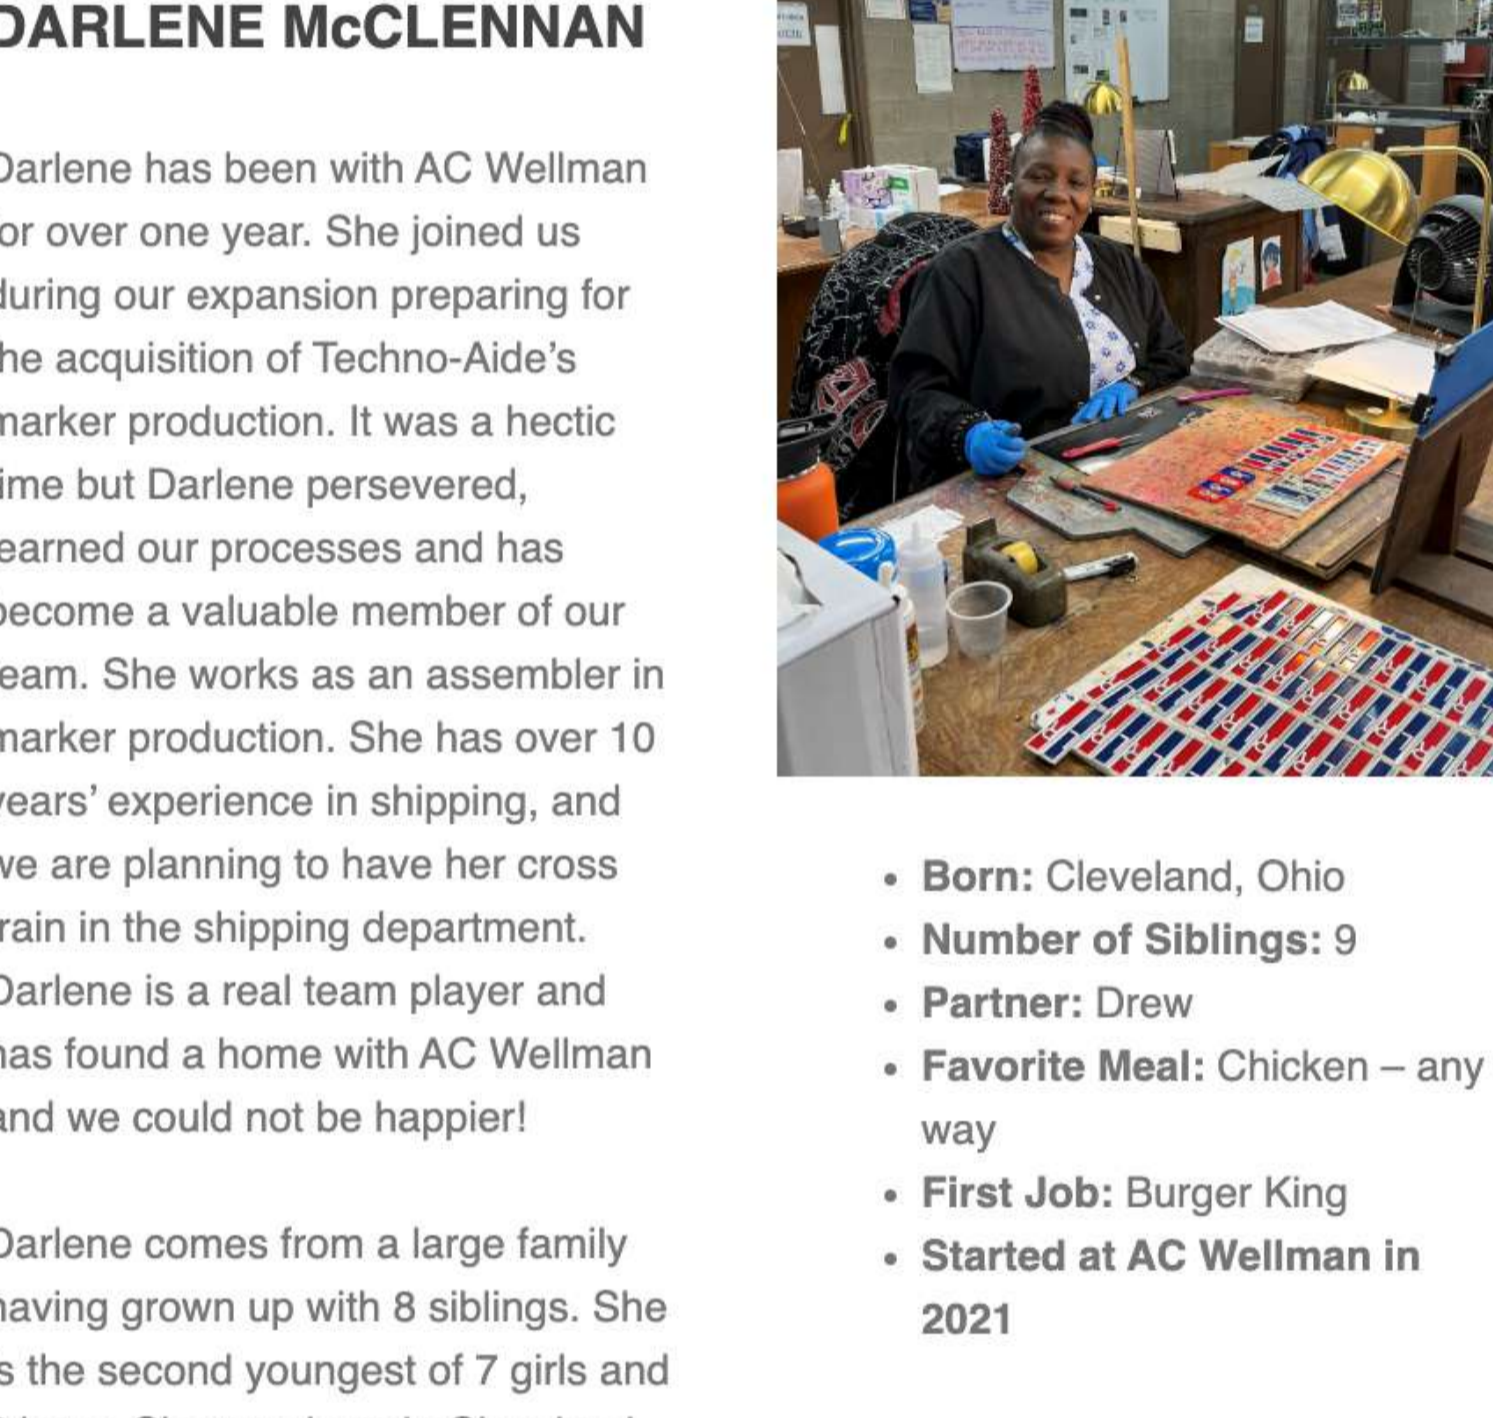

## ASNT Annual Conference

Last month I was able to be a part of the ASNT (American Society of Non-Destructive Testing) Annual Conference. Our great friends at 3E NDT provided the space for us to showcase quality lead and lead-free letters, logos, and a variety of radiopaque rulers and letter belts we manufacture for them. Many thanks to Samir, Darren, Charles, and the rest of the 3E team!

## Bronze and Aluminum Plaques

Recognition of dedication, tenure and achievement can be difficult if permanence is the desired outcome. Quality bronze and aluminum plaques make a prominent statement and show the importance of the recognition, event, or achievement. Recently we were given the responsibility to design and produce a plaque that would memorialize a very special person from Canterbury Golf Club. Jeff Mueller delivered a very special design that not only told the story about Rick McCord but created an amazing relief of Rick. The relief was designed from a photo and the pattern was printed on our state-of-the-art 3D liquid printer. The pattern and drawing were used to create the amazing plaque shown below. The outcome exceeded expectations.

Thank you to Canterbury Golf Club for their confidence in AC Wellman and thank you to Jeff for his fantastic work!

## Employee Spotlight: DARLENE McCLENNAN

Darlene has been with AC Wellman for over one year. She joined us during our expansion preparing for the acquisition of Techno-Aide's marker production. It was a hectic time but Darlene persevered, learned our processes and has become a valuable member of our team. She works as an assembler in marker production. She has over 10 years' experience in shipping, and we are planning to have her cross train in the shipping department. Darlene is a real team player and has found a home with AC Wellman and we could not be happier!

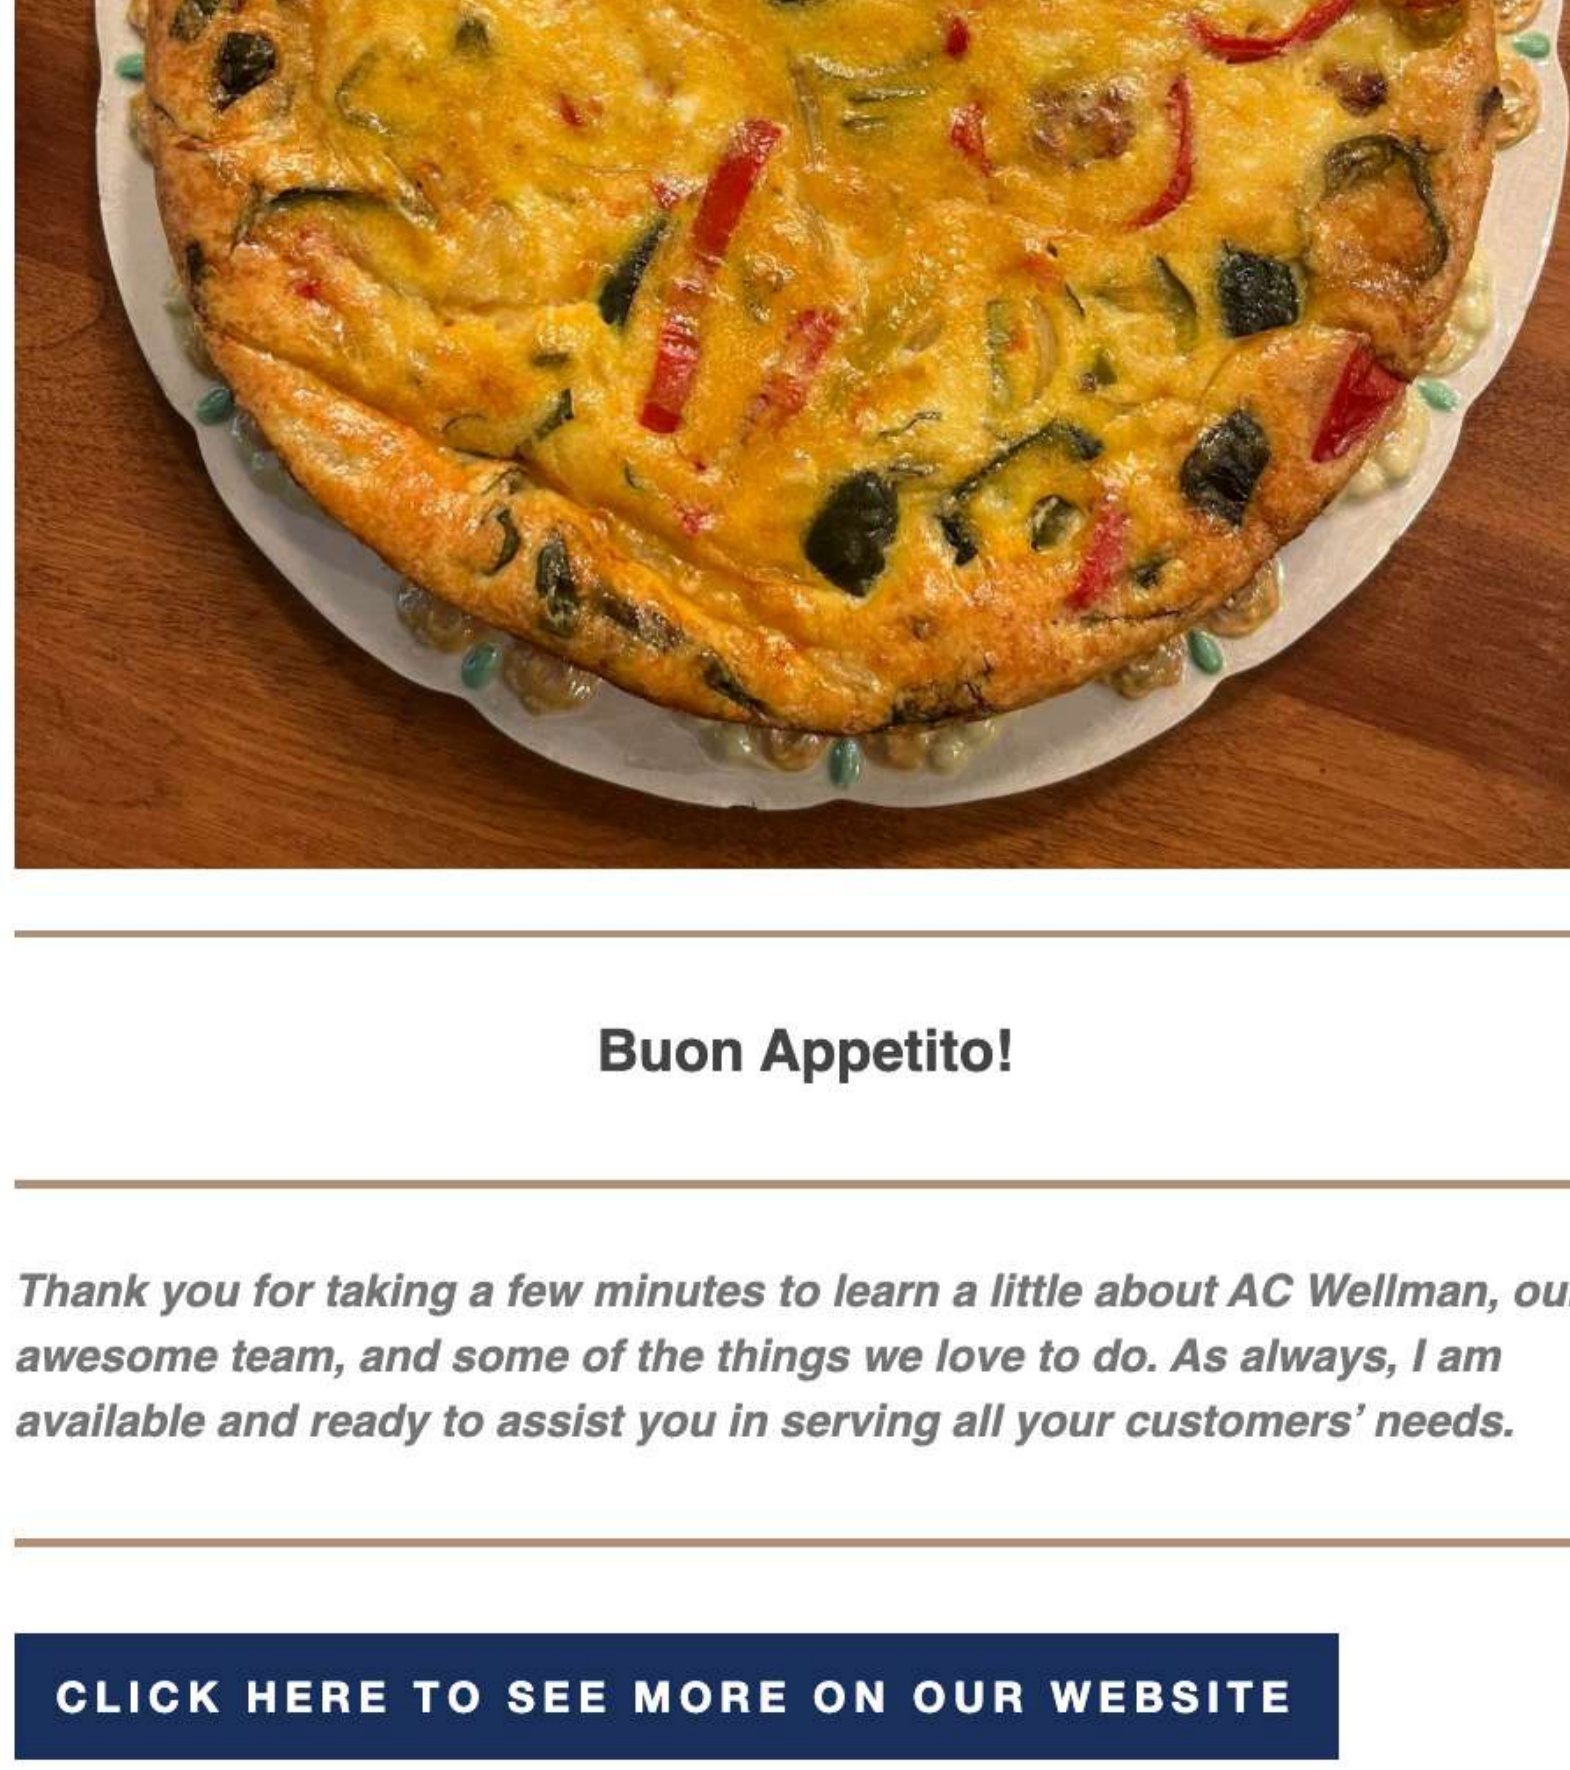

- **Born:** Cleveland, Ohio
- **Number of Siblings:** 9
- **Partner:** Drew
- **Favorite Meal:** Chicken – any way
- **First Job:** Burger King
- **Started at AC Wellman in** 2021

Darlene loves R & B, and her favorite musician is Gerald LeVert. Her favorite meal is chicken any way. Holidays are always with her family, and they rotate location. She is planning on Christmas with family in Florida. She loves the beach and Sea World.

*Thank you, Darlene for trusting AC Wellman to be your daily go to!*

Darlene comes from a large family having grown up with 8 siblings. She is the second youngest of 7 girls and 2 boys. She was born in Cleveland, Ohio and now makes her home in Euclid, Ohio. Darlene loves her free time and calls her spare time family time. She enjoys playing cards, board games and dominos with her partner Drew and her three children and four grandchildren. She worked at Cleveland Municipal Stadium making popcorn (she hated popcorn). She was with Even Cut Manufacturing for 22 years until they moved away. That was a big gain for AC Wellman!

**Buon Appetito!**

*Thank you for taking a few minutes to learn a little about AC Wellman, our awesome team, and some of the things we love to do. As always, I am available and ready to assist you in serving all your customers' needs.*
